# **Nutrition in Transition: Transnational Land Deals and Dietary Diversity in the Global South**

Dr Marc F. Müller,  
Swiss Federal Institute of Aquatic Science and Technology

**Large-scale land deals reshape rural areas, often displacing small farms and ecosystems. This talk analyzes 400+ land deals across 28 countries, linking them to child diets. Using a clustering algorithm, it identifies trade-offs, showing how policies can better regulate investments for fairer, sustainable outcome.**

**14 March 2025 | 11:15 a.m.**
